Never dreamed I would be a radio announcer during my time at NHS. I was painfully shy. But a friend at Bates College came to me one night to ask me to fill in for him on his radio show; I agreed to give it a try, and the rest is history! I've been at the same radio station on Cape Cod since 1979. Other interests include Macintosh computers and photography. My wife and I share those interests. She teaches computers at an elementary school and has developed any extensive resource for kids and teachers, a web directory of over 11,000 ed sites on every topic: www.teachthechildrenwell.com Our photos of Cape Cod are on www.capecodphotoalbum.com . Hope you enjoy both sites!

REFLECTIONS, me.. []

Looking forward to catching up with other classmates again. Really enjoyed our 36th reunion and hope those who could not make it last time will come for this one. I guess every generation can say this, but just think of all the

changes we've seen in technology since we graduated! Turns out that one of the best things I ever learned during my time in school was typing! Who ever would have dreamed that typing would be more than the occasional term paper and become a part of daily life on a computer?

Went from being a shy, short kid, to a not so shy, shorter adult. Graduated Rochester Inst., of Tech with a buiness degree and moved to Los Angeles in 1973. Best thing I could of done, minus the occasional earthquake, riots, fires and floods. Otherwise, a lot of fun.

REFLECTIONS, me.. []

Heady times but we didn\'t know it at the time. We were too busy having fun. Fondest memories were of spending time with my friends in classes, study halls, and on the weekends at football games and Niskayouth dances. Like most high schoolers (then and now) was terribly self-conscious about appearances, social strata, dating and \"fitting in.\" If I only knew then what I know now I would have had so much more fun!

REFLECTIONS, me.. []

The class of 1969 was my everything from a teen perspective during our high school years; caring about how I fit in to the scheme and observing each person in our class as they made their journey. Today I realize we share more than we knew; part of the glue that holds us together in our current lives and the warm feeling we get when we hear about or meet up with each other; knowing we shared common events that will always connect us. I love that!

Our son John is a graduate of Siena College and Villanova Law and our son Tony is a graduate of Siena and is presently attending the College of Saint Rose Graduate School in hopes of becoming an auditor. John and I love/hate being empty nesters. I am still enjoying my work, at the Town of Niskayuna, in the comptrollers office and John is still running his Steel business. We travel whenever we can find some time and we enjoy just relaxing by the river with a good beer and some friends. Our door is always open, come join us.

Still married to the same guy that I met while working at The Washington Post, and married in 1979. Have two son: Jabari, 24, lives in Portland, Oregon, and Akin 20, is a sophomore at Rollins College in Florida. I have had a lot of careers ranging from being a national award-winning journalist to being a college journalism prof, director of a student leadership institute, a nonprofit program director, and a clinical psychologist and Navy officer. Honors and awards included a Kellogg National Leadership Fellowship, being an elected director of the Harvard Alumni Association, getting an honorary doctorate in community service from Eastern Michigan University, and getting the award of excellence for community service from a Fortune 500 company, named a Distinguished Graduate of Niskayuna High School. I\'m basically retired now, devoting my time to activities that support peace and nonviolence, something that I pledged to devote my life to on September 11, 1001. I\'m also active in the arts. I\'m an actor and writer for community theater, the president elect of the local organization that\'s against the death penalty, and I am an avid photographer who has had some photographs published nationally and internationally. I\'ve also become an avid ballroom dancer. I\'m very active in my local Buddhist community, including by helping to organize activities designed to help heal our country\'s legacy of slavery.

REFLECTIONS, me.. []

It was very lonely and painful being a shy, nerdy, kid who was the only African American in our class, and one of only -- at most -- five African Americans in our school. However, I\'ve made the best of those experiences by growing into a gregarious adult who serves as a bridge between races and ethnicities, and also makes a point of reaching out to people who are shy like I used to be. I send lovingkindness to my classmates -- those who always felt at home at NHS -- and those like me who had to grow up and leave to find their homes. May you all be happy, peaceful, and well.

Married, one daughter who lives in Chicago and is an account supervisor at Google. My husband and I live in Nashville and I am in private practice. I am a therapist and have an office here and in Los Angeles. I have accomplished much but am most proud of accomplished being happy in what I do for a living, happily married and have a wonderful daughter. I am very blessed and still hold my feelings of Niskayuna HS near and dear. I am interested in horses, travel and writing. I am interested in living YOUNG and not getting caught up in the age as its only a NUMBER!!!!

REFLECTIONS, me.. []

Happy that I can recognize my friends from pics from the 36th! Happy that I am one of my few friends that loved high school. Amazed at how much Janet Erlach still looks the same. That I miss those days and have just the best memories even though I only went there 2 years!!! To tell that I was on the phone with Bob Cummings a few years ago and we stayed on the phone for hours just the way we did in HS. I hope that I have just as much fun as the prom when I come back for the 40th!

I have 1 son, Michael, who will be 30 yrs. old in May. Michael works in Washington D.C. He is a physicist and an engineer for the federal government. My husband and I live in Manhattan, taking advantage of the theater, museums, and restaurants. We also LOVE to travel. I used to be a copy editor, but I have not worked (for pay!) in many years. I volunteer for the American Folk Art Museum on Ease. 53rd St. in Manhattan, and I have been there for 7 years.

REFLECTIONS, me.. []

I have lots of memories , some of them not so pleasant. In fact, I wouldn\'t even want to put these in writing! My good memories involve my friendships with Dale Siegel Nemer, Nancy Friedman Ross, and Laura Miklowitz Vidal. I see both Dale and Nancy often, unfortunately I don\'t see Laura as much as I\'d like, as she lives in North Carolina. My big regret is I should have studied a little bit harder!

Time passes quickly. Enjoy your life and family. Miss New York. Fond
memories of Niskayuna...sometimes, like it was yesterday. How technology has
changed, but fun reflecting on how life used to be (much simpler). Still fun
driving a muscle car (2007 Mustang GT) and attending cruise nights and car shows
to see the cars of the past.

painter, poet, vocalist, teacher, cantorial soloist ... freelance
illustrator and weaver, singing-telegram deliverypersons, tai chi player,
jazz/standards crooner, actor, ... what haven't I tried? (even sold light bulbs
- energy efficient ones!) call me \"Doc\" - got my Ph.D. in English
Studies/Poetry (not the most practical degree on the planet, but - gee, ain't I
cultured!)

REFLECTIONS, me.. []

Forty years? Are you sure? I think I still have my knee socks and a pleated mini-skirt, just what I was wearing when passing Bobbie Ozarow on the street, polishing his Harley (or was it a \'rice-burner, Bob?) and why didn\'t I accept his invitation to ride on the back of it to some music festival in some place called \'Woodstock\' ??? (Dad would have killed me.) Does anyone remember the try outs for those senior shows? The cast parties were peak experiences (stepping over the bodies splayed out all over the floor - and where were the parents, I wonder, now that I\'ve seen it from THEIR side!).

REFLECTIONS, me.. []

It doesn't seem possible that 40 years have gone by. Niskayuna gave me a
wonderful start to my education. I think we were fortunate to have that sort of
education and family support. I hope the years have been kind to my friends.
